American International School of Guangzhou

American International School of Guangzhou **SECONDARY PROSPECTUS**

Our Strategic Direction

From our volunteer board members, to our dedicated faculty, our supportive caregivers, and our hard-working students, there is a sense of connection and community in working together to fulfill our mission, vision, and social vision.

Vision

AISG will set the standard in creating unique, transformative learning journeys that will forge a globally connected community.

Mission

AISG is a compassionate community providing inclusive pathways to empower all learners to make a positive impact.

Social vision

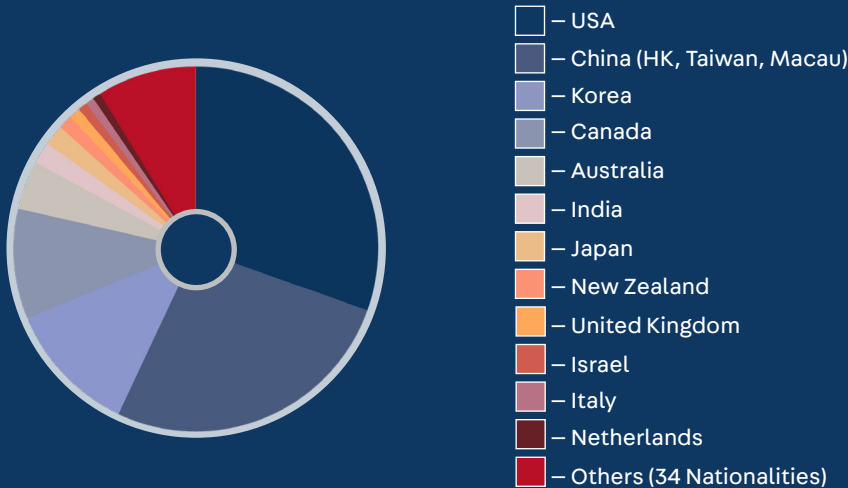

AISG is a community where every voice is valued, and each person can be who they truly are.

Our Secondary Curriculum

Academic classes in Grades 6 – 10 follow the International Baccalaureate Middle Years Programme (MYP). In Grade 11 and Grade 12, academic classes follow the International Baccalaureate Diploma Programme (IBDP) curriculum, providing rigorous university preparation for all students.

The AISG Secondary School embraces a philosophy based on early adolescents' unique needs and characteristics. We strive to create a balanced curriculum that is both subject-centered and student-centered.

Our Secondary Campus

Our Science Park campus is located in Guangzhou's technology center, Huangpu District. The newly renovated campus has state-of-the-art, well-equipped facilities with an open concept design, resulting in an iconic, modern, and innovative learning environment.

The campus also features a Performing Arts Center, an Athletic Center with a natural grass field, an indoor 25-meter swimming pool, and two gymnasiums, and additional amenities that include innovation labs, design centers, a creative multimedia space, and a central library.

Our Secondary Life

AISG offers a rich tradition, academic rigor, inquiry-based learning and mission-driven values, but really, AISG offers so much more! As we look to the future, we understand the importance of feeling a sense of social and emotional belonging and the need for each student to pursue their passions and to understand themselves and their own strengths.
